

**Pinza pneumatica radiale autocentrante a 2 griffe
(serie GX-S)**

- Azionamento a doppio effetto.
- Elevata forza di serraggio alla fine della corsa di chiusura.
- Grande durata e affidabilità senza manutenzione.
- Diverse possibilità di fissaggio.
- Sensori magnetici opzionali.
- Grasso alimentare FDA-H1.

**2-jaw self centering radial pneumatic gripper
(series GX-S)**

- Double acting.
- Very high gripping force at the end of the closing stroke.
- Long life and reliability, maintenance free.
- Various options for fastening.
- Optional proximity magnetic sensors.
- FDA-H1 food-grade grease.

Serraggio

La pinza è a doppio effetto e quindi può essere usata per la presa di un pezzo indifferentemente sia in chiusura che in apertura delle griffe.

Gripping

As the gripper has a double acting motion, it can be used like internal or external gripping.

La forza di serraggio dipende dalla forma delle dita.

The gripping force depends on the shape of the gripping tools.
